Hello, I'm Eren Ali Koca, a passionate Computer Engineer 3rd year student. My career goal is to work in software and I am improving myself in programming languages. I develop innovative and scalable software solutions, especially using **C#, Flutter** and **Swift**. I aim to contribute to the software world by taking part in projects that shape technology, to develop myself in the field of mobile programming, to develop user-friendly and innovative **mobile applications** and to specialize in this field.

EDUCATION

ISPARTA UNIVERSITY OF APPLIED SCIENCES

COMPUTER ENGINEERING

09/2022 – 06/2026

KOYCEGIZ SCIENCE HIGH SCHOOL

09/2018 – 06/2022

SKILLS

- C#
 - Entity Framework / LINQ
 - ASP.NET CORE MVC
 - Flutter / Firebase
 - Swift / SwiftUI / MVVM / VIPER / Firebase / Parse
 - SQL / MSSQL / Azure Data Studio
 - Linux
 - Bash
 - Git / GitHub
-

PROJECTS

- Restaurant Website with ASP.Net Core MVC
 - Apartment Rental App with Flutter
 - Weather App with Flutter
 - Cryptocurrency Values App with SwiftUI
 - Swift App with OneSignal Integration
 - Foursquare Clone with Swift
 - Fitness App with MAUI
 - Student Automation with C++
 - Banking Automation with C++
 - Image Processing Algorithms with Python
 - Angry Birds Clone with Swift SpriteKit
 - Object Recognition Application with Swift MobileNetV2
-

EXPERIENCE

- HI-KOD 2.0 MOBILE APPLICATION DEVELOPMENT WORKSHOP
- SIBER VATAN BASIC LINUX AND WHITE HAT HACKER TRAINING

MEDIUM ARTICLES

- [Set up push notifications for your Swift app using OneSignal](#)
- [User Automatic Account Login in iOS Swift](#)
